

Congratulation! As an AFGL Accredited Course, please find enclosed your Official Course Accreditation Certificate. We thank you for joining the AFGL and hope that you will display your Certificate with pride.

Mission Statement:

The American FootGolf League brings the sport of FootGolf to golf courses across America by guiding owners and operators on installing and promoting FootGolf as a new activity.

Since 2011 the AFGL has set the standards for course design, layout and yardage for pars. As Founding and Governing Body for the sport of FootGolf in the US, under the Federation for International FootGolf (FIGF), the AFGL ensures courses that they meet or exceed the standards of play around the world. We give courses the resources to develop, market and grow FootGolf with confidence. We give players quality courses to play on taking player development to the next level.

The AFGL promotes the true spirit of the game of FootGolf as embodied in the ancient and honorable traditions of golf and football soccer. It acts in the best interests of the game for the continued enjoyment of those who love and play it.

The AFGL serves the game most visibly through the conduct of its promotional tournaments, pro-am tour and the upcoming national championship. Together with the Federation for International FootGolf, the American FootGolf League provides governance for the game nationwide, jointly administering the Rules of FootGolf, establishing equipment standards, and formulating the Rules of Amateur Status. The AFGL also maintains the AFGL Handicap and Course Rating Systems, develops and promotes sustainable FootGolf course management practices, and writes the history of the game in the US.
